

Resolute Building Company Constructs a Caring Space

Our beautiful gazebo—given in memory of Philip and Francis Daly by Shelayne and Frank Sutton, and designed by Michael Hining of MHAworks—now provides shade and a space for reflection or conversation, thanks to the Resolute Building Company. Dave Anna,

Kim Vrana and their team donated all the labor and many of the materials, making it possible to offer this amenity to our guests for a small investment on our part.

Our guests have taken advantage of a spectacular spring to sit inside the gazebo, to relax and meet their fellow sojourners, and idle away some time between visits to UNC Hospitals. We are grateful to our friends at Resolute for adding to the comforts of a unique campus, built intentionally to act as a restorative place.
